

OPERATOR AID AUTHORIZATIONAid Number: CWC/LLBG-OPA-001, Revision ²3
nw 3-14-11

Facility: CWC/LLBG

Equipment Number: N/A

Location and Purpose: Operator Aid to be kept at MO-288 Dispatch Office in the 200 West area. This Operator Aid applies to Central Waste Complex (CWC) and the Low Level Burial Grounds (LLBG). This Operator Aid provides the designated locations for tracking 90-Day/Satellite Accumulation Area/Staging Area Locations.

This Operator Aid provides supplemental guidance and is prepared and approved in accordance with PRC-PRO-OP-40125, *Operator Aid Posting*.

The source strength Administrative Control found in HNF-15280 requires that the location of all waste in SWSD be documented in SWITS or an equivalent system. This includes waste staged in the various staging areas. The staging areas are documented in SWITS. The locations of the staging area are documented in this Operator Aid (see attachment 1). The staging areas currently in use and functional descriptions of each are also listed in attachment 1. These staging areas correspond to the facility zones as described in the Safety Basis.

This Operator Aid will be updated as necessary to reflect current staging areas within SWSD. Written permission from Operations and RadCon Management is required prior to establishment of new staging areas.
